Anyone can discover Brno – even during a short visit. But immerse yourself in its atmosphere, see it through the eyes of locals, and you’ll quickly realize that the city offers much more than meets the eye. Brno will captivate you with its uniqueness and rich variety of experiences. Below, you’ll find inspiration for unconventional places and unusual activities worth exploring.

Stone Colony (Kamenná Kolonie)

Among the many historic working-class neighborhoods of Brno, you’ll find the Kamenná Kolonie, also known as Kamenka. This district was built on the site of a former stone quarry, and if you look out the windows of our hotel rooms towards the Svatka River, you’ll see the rooftops of small houses. You can take a pleasant stroll there and soak in the atmosphere of this charming area.

Veveří Castle

Visitors are also drawn to the picturesque Veverí Castle, perched on a rock near Brno Reservoir. A pedestrian and cyclist bridge spans across the reservoir to the castle, offering views of the surrounding landscape along the way. Veverí Castle is one of the largest and oldest castle complexes, not only in Moravia but also in the entire Czech Republic. You can also reach the castle by a pleasure boat, which adds an exciting element to the journey.

Vegetable Market (Zelný Trh)

The square, with its market, fountain, sculpture, and two theaters, creates an attractive picture. The Zelný trh (Vegetable Market) has long been a place where Brno residents can buy fruits, vegetables, flowers, and other goods. At the lower end of the square, you’ll find the entrance to the Labyrinth under Zelný trh, a unique complex of medieval underground corridors and cellars.
